

# KVH Elite™

## Dedicated VSAT Streaming Service for Yachts

### Highlights

- Prioritized VSAT bandwidth and unlimited data to support HD-quality video streaming and more for onboard mobile devices and smart screens
- Available as a weekly or monthly airtime plan with no overages.
- Easy over-the-air activation and support from KVH Superyacht Group
- Fully supported by KVH's standard TracPhone V7<sub>hts</sub> and V11<sub>hts</sub> antennas with no modifications necessary
- Download speeds as fast as 10 Mbps for TracPhone V7<sub>hts</sub> and 20 Mbps TracPhone V11<sub>hts</sub>
- Full access to the KVH TracPhone HTS-series dual-channel configuration, enabling High-speed data for owners and guests via KVH Elite while crew and operations connectivity can be managed via the Unlimited Use data channel.

### Prioritized bandwidth to deliver unlimited HD-quality streaming

Enjoy the superior onboard Internet experience you and your guests deserve with the KVH Elite unlimited VSAT streaming service. KVH Elite delivers high-speed bandwidth with no overages or usage limits, ideal for the most sophisticated yachts and charters. Let users onboard experience a premium Internet experience with the apps they rely on, including:

- Streaming popular HD movies, TV content, and music
- Real-time communications and entertainment
- Social Media
- Email and messaging
- Web browsing

### KVH TracPhone V7<sub>hts</sub> and V11<sub>hts</sub> systems and the KVH Elite is brought to you with the award-winning mini-VSAT Broadband<sup>SM</sup> HTS network

Simply choose an on-demand KVH Elite Weekly or KVH Elite Monthly package for those times you need it.
